CITY OF KOOSKIA HAPPENINGS

The City of Kooskia is conducting a capital improvements project to replace aging sewer mains and improve the reliability of the City's sewage lift stations. These improvements will be occurring from the Summer of 2023 to Spring of 2024. The project has been engineered by Mountain Waterworks and is being constructed by M2 Construction. You may be seeing paint marks on the ground and construction equipment near your home or place of business. These crews will be excavating and replacing sewer lines and manholes in these areas. Please pardon the inconvenience during construction. If you have any questions, please contact the City of Kooskia at 208-935-8260.
